

The RestorFX Automotive Refinishing System is designed to restore your vehicle's paint finish back to a showroom-quality shine.

The longevity of your RestorFX finish is based on how well you maintain your vehicle. Standard car care is required to maintain your RestorFX finish, and normal wear and tear (like scratching) is still expected to occur.

To extend the life of your RestorFX finish, wash your vehicle only by hand and avoid using abrasive fabrics or sponges that might cause swirling or other damage to the surface of your vehicle. Proper aftercare procedures must be followed to ensure full cure of the RestorFX application after delivery. Ask for an aftercare sheet from your RestorFX® coating provider.

By using the RestorFX Automotive Refinishing System, you agree to the following Guarantee:

1. RestorFX Guarantee

1.1. Product Guarantee

RestorFX International guarantees the quality of the products used in the RestorFX Automotive Refinishing System. RestorFX International guarantees that the product is free from manufacturer defects and that it will not, when applied correctly to a properly prepared automotive substrate, peel, flake, delaminate or crack for as long as one owns their vehicle.

1.2. Service Guarantee

RestorFX International requires that all licensees and certified technicians applying the RestorFX Automotive Refinishing System guarantee the quality of their services to you. The licensee will properly prepare vehicles for application using all of the RestorFX prepping products. The licensee will properly apply RestorFX in accordance with the official training guidelines and educate you on the curing times and aftercare instructions. The licensee guarantees that RestorFX service performed on your vehicle will not fail due to improper preparation and/or application and that the product will not peel, flake, delaminate or crack for as long as one owns their vehicle.

2. Guarantee Limitations

2.1. Only Applies to Current Owner

This guarantee only applies to you. If you transfer ownership of the vehicle, this guarantee will become void.

2.2. Only Applies if You Used a Certified Technician

This guarantee is void if you did not use a RestorFX certified technician.

2.3. Compromised Panels

This guarantee does not extend to compromised panels.

2.3.1. Repainted Panels

Although the RestorFX Automotive Refinishing System can be applied on almost any repainted panel, the consistency between panels may not be perfect depending on how the panel was repainted. For an absolutely perfect repair, the panel may be required to be repainted.

2.3.2. Damaged Panels

Although the RestorFX Automotive Refinishing System can be applied on almost any damaged panel, certain damage—like dents, unusually deep scratches, clear coat peeling, paint chipping—may not be repairable.

2.4. No Guarantee Against New Damage

RestorFX International guarantees the product will permanently restore past damage contained within the automotive clear coat; but it does not guarantee against new damage that may be inflicted upon the vehicle in the future. Customer should expect potential new damage to the RestorFX finish with regular wear and tear that accumulates from future use of the vehicle.

2.5. Lack of Standard Care

This guarantee is void if you do not exercise standard care of your vehicle. If you apply another coating, solvent, or solution other than soap and water, on top of the RestorFX Automotive finish, this guarantee is void.

2.6. Registration of Service

Certified Technician must register your service using the unique customer guarantee I.D. at point of purchase by going to register.restorfx.com and following the steps outlined. The RestorFX International guarantee is valid only if registered.

3. No Other Guarantees

This guarantee is buyer's sole and exclusive remedy and is in lieu of all other guarantees, express or implied. Buyer disclaims all other guarantees including, but not limited to, any implied guarantee of merchantability or fitness for a particular purpose. RestorFX will not be liable for any special, indirect, incidental or consequential damages or losses, including loss of life, arising from any cause in use of the product.

4. Repair is Sole Remedy

If there is a defect with the product or the application, you agree that your sole remedy

is for a RestorFX certified technician to repair your vehicle to a condition as good as it would have been if not for the defect in the product or application.

Except where prohibited by law, you agree that RestorFX International and the installer of the RestorFX Automotive Refinishing System product will not be liable for any loss or damage arising from the RestorFX® Automotive Refinishing System coating product, whether direct, indirect, special, incidental or consequential, regardless of the legal theory asserted, including guarantee, contract, negligence or strict liability.

5. Contact

You can contact your certified technician directly or you can contact RestorFX International, Inc. Customer Support at support@restorfx.com.

6. Severability

This guarantee will be enforced to the fullest extent permitted by applicable law. If for any reason any provision of this guarantee is held to be invalid or unenforceable to any extent, then (a) the provision will be interpreted, construed, or reformed to the extent reasonably required to render the provision valid, enforceable, and consistent with the original intent underlying such provision; (b) the provision will remain in effect to the extent that it is not invalid or unenforceable; and (c) the invalidity or unenforceability of the provision will not affect any other portion of this guarantee. ●
